EXPERIENCE

FREELANCE INTERACTIVE DEVELOPMENT

August 2011 - Present

Portland, Oregon

As a freelance developer, I value the knowledge gained when working on new projects and also the relationships I develop simultaneously. I'm always looking for more opportunities to continue learning and to meet new people.

Client List: SuperGenius Studio, Jive Software, SMITH Co., Paleo Plan, Magneto Works, Lucid Design, Opus Creative, R2C Group.

LUCID DESIGN

January 2014 - July 2015

Portland, Oregon

At Lucid, I designed, developed and maintained several WordPress-based sites as well as email campaigns. I also helped manage social media accounts and developed content for them.

R/WEST

January 2012 - September 2012

Portland, Oregon

While I was an Interactive Developer at R/West, my time was spent building websites in full, developing Facebook tabs, emails and various other interactive tasks.

OPUS CREATIVE

March 2010 - December 2011

Portland, Oregon

I was the User Interface Developer at Opus Creative. There, I worked on the front-end portion of websites, built emails and maintained websites.

EDUCATION

THE ART INSTITUTE OF PORTLAND

October 2007 - August 2011
